TUMKUR UNIVERSITY

National Conference On

"Recent Trends in Sustainable Development of Biodiversity and Management"

(RTSDBM - 2018)

On

12-01-2018

Organized by

Department of Zoology
University College of Science
Tumakuru.

Venue:

Sir M. Visevesvaraya Auditorium
Tumkur University, B. H. Road
TUMAKURU-572103.

TUMKUR UNIVERSITY :

Tumkur University was established in 2004 to provide the educational needs of students in Tumakuru district where majority of students hail from the rural background. It has gained significance as one of the young universities in the country and recognized as an institute of National eminence by the University Grants Commission. The university is recognized by the UGC under Section 2(f) and 12(B) of the UGC act 1956. Recently the university has rated as a 'Three star institution' under Karnataka State University rating Framework (KSURF) released by the Karnataka State Higher Education Council Bangalore based on the criteria of knowledge production, knowledge transmission and social inclusiveness. The university has been witnessing tremendous growth in the development of its academic profile and infra structural facilities.

UNIVERSITY COLLEGE OF SCIENCE:

University College of Science (Erstwhile Government Science College) was established in 1940 as an intermediate college and later upgraded as Government Science College with different combinations. Under the able guidance and leadership of Tumkur University, the college is reaching greater heights from all angles. A number of faculties have applied for major and minor research projects and many of them have got their projects sanctioned.

The College offers post graduate courses in Physics, Chemistry and Environmental science.

The college is well equipped with good infra-structure and space to accommodate more courses and facilities.

DEPARTMENT OF ZOOLOGY

- The Department of Zoology was started in the year 1969.
- It is one of the pioneer departments in the college to provide the knowledge about the biology of animals and to enhance the quality of education to the students.

- Department boasts of a rich museum with several preserved rare specimens, skeletal structures, corals and stuffed animals.
- Department has well equipped infra-structure and laboratories.
- The Faculty members encourage the students to participate in the academic activities and co-curricular activities and are actively involved in the research activities.

ABOUT THE CONFERENCE :

Biodiversity is a conglomeration of ecosystems with diverse flora and fauna. It is highly exploited by several industrial and anthropogenic activities causing the loss of life-supporting natural resources, biodiversity, genetic resources and nature's self-sustaining and ameliorating capabilities. Thus, there is a need for conservation of the biodiversity. This session highlights the knowledge about biodiversity and management in detectable changes and important gaps in our ability to assess state and trends. The conference intends to provide an opportunity for in-depth and detailed discussion on Sustainable Development of Biodiversity and Management

THEMES:

- Sustainable development of Biodiversity and conservation
- Global Climate Change.
- Environmental Toxicology and health.
- Natural resource management.
- Wild life, Strategies and management.
- Modern tools for biodiversity monitoring
- Digital biodiversity library.
- Environmental policies, laws and legislation.

CALL FOR PAPERS:

The participants are invited to submit abstracts and full papers related to the themes of conference along with their registration forms. Papers will be thoroughly scrutinized and will be accepted only after peer review. The selected papers will be published in ~~conference~~ proceedings with ISBN Number.

Submission guidelines:

Front page:

The name(s) of the author(s) must be clearly typed below the title with their affiliations. Mention the mobile number and e-mail ID of the corresponding author.

Abstract:

Papers shall be accompanied by an abstract of about 250 words along with 5 key words.
