

## About Tumkur University

Tumkur University was started in 2004 to address the needs of students in higher education in Tumkur district. With an ardent faith in the adage "Knowledge is Eternal", the University is surging ahead with its research-gearred mission. Aiming to achieve human potential development through committed and dedicated efforts, the University is ensuring an effective application of integrated and interdisciplinary approaches in its dissemination of knowledge.

## About Tumakuru

Tumakuru is a historical city with rich cultural heritage, retaining its peace and nativity, in spite of being an hour's drive from Bengaluru, the State capital on NH-4. The place is known for the beautiful hills that surround the city and a few historical places are certainly worth a visit. Tumakuru is well connected with most of the districts in Karnataka and can be reached from Bengaluru by road or by train.

## About University College of Science

It is a constituent college of Tumkur University, located at Tumakuru. The college caters to the diverse educational needs of particularly rural students. It has a unique academic environment catering to the growing demands of higher education. Today it can proudly promise quality education with a reaccredited A' Grade by NAAC. The college acquired the status of College with Potential for Excellence from UGC in 2016.

## About Chemistry Department

The Department of Chemistry was established in 1940 with B.Sc at undergraduate level. The M.Sc in and Ph. D programs in chemistry were started in 2007 and 2011 respectively. It is one of the departments known for its excellence in teaching and research. The department has 16 well qualified faculty members who have been actively engaged in research and different areas of Chemistry.

## About The Conference

The conference is designed to provide an opportunity for researchers to have wide ranging discussions on recent developments and ideas in the growing field of research in chemical sciences. The programme includes invited lectures by eminent chemists, oral presentations and poster sessions. It is an opportunity for the young scientists and students to get exposed to the excitement of research in chemistry. The conference aims to promote exchange of ideas and create a platform for collaborative activities in the emerging and frontier areas of research.

## Discussion themes/Thrust Areas

- ❖ Organic synthesis- Natural products and pharmaceutical chemistry
- ❖ Material sciences, Nano-materials
- ❖ Catalysis
- ❖ Supramolecular and polymer Chemistry
- ❖ Crystallography
- ❖ Analytical techniques
- ❖ Environmental chemistry
- ❖ Plant Chemistry
- ❖ Food & Medicinal Chemistry
- ❖ Co-ordination & Organometallic Chemistry
- ❖ Interdisciplinary areas related to Chemical science

## Call for papers

The interested participants are invited to present abstract (250words) along with key words of their original papers (Oral/Poster) on any of the themes mentioned above. The selected papers will be published as full papers in the conference proceedings with ISBN number.

## Submission Guidelines
