About Tumkur University

Tumkur University established in the year 2004, has grown by leaps and bounds. The University, located on the Bangalore-Honnar national highway in the semi-urban Tumkur city, has been recognized by the University Grants Commission under section 2(f) of the U.G.C Act of 1956. It has been accorded with the UGC status (12B) and accredited with “B+” Grade by NAAC.

The vision of the university is to “Jnanve Anantha (Knowledge is Eternal), is playing a decisive role in the dissemination of knowledge to the local stakeholders. Having taken upon itself the mission of addressing the growing aspirations of young generation, who hail predominantly from rural and traditional socio-economic context, the University is striving hard to transform the region into a truly developed educational hub.

About Department of Studies and Research in Economics:-

The Department of Studies and Research in Economics was established in the year 2005-06. Having highly qualified faculty members, who have the vast experience of teaching, research and extension activities. The department offers postgraduate programme under CBCS scheme and a Ph.D. programme. The thrust areas of research in the department are Agriculture and Rural Development, Financial & Institutional Development, Contemporary Developmental issues and Applied Econometrics. The department have been organising workshops, national and international conferences. Faculties have been involved and actively participating in conferences and publishing articles in reputed journals/books.

About the Conference

India, with its vast rural expanse, faces the challenge of ensuring that the benefits of the digital era reach every corner of the nation. E-Governance initiatives are instrumental in narrowing the digital divide by providing rural citizens with access to essential services, information, and resources. Through digital literacy programmes and technology-driven awareness campaigns, rural communities are being empowered to actively participate in the digital age. Hence there is an urgent need to introspect E-Governance and Rural Development in India and to explore the intersection of technology, governance, and rural development.

Hence the present conference is intending to look into various aspects of different Issues and challenges of E-Governance and Rural Development in India.

Objectives of the Conference

- To provide a platform for academics, researchers and students of various discipline to deliberate upon the E-governance and Rural Development during economic reform period.
- To sensitize the participants on the issues and challenges faced by rural areas.
- To draw strategies and policies for the improvement of E-governance in rural areas of India.

Sub Themes:

- E-governance and Rural Education Development
- Ease of Life and E-Governance in Rural Areas
- E-Governance and Sustainable Development
