WELLNESS**

-: Date :-

22 – March – 2024

-: Venue :-

Sir. M. Visvesvaraya Auditorium
University College of Science
B.H Road, Tumakuru-572103

University College of Science

Tumkur University was established in 2004 by the Government of Karnataka to address the needs of the students in higher education in Tumkur district. The University has been recognized by the University Grants Commission under Section 12B & 2(f) of the U. G. C Act of 1956. The University is striving hard to transform the region into a truly developed educational hub by focusing on multidisciplinary approaches in the production and dissemination of knowledge.

University College of Science

University College of Science (formerly Government Science College) was established in the year 1940. In 2010, the college was taken into the folds of Tumkur University as a constituent college. Since its inception, the College has been growing as an institution of pride and reputation and has been recognized by University Grants Commission as a College with Potential for Excellence (CPE). Availability of qualified and efficient staff, the good infrastructural facilities, the innovative, interactive and need-based programmes have made the college a favourite choice of students for higher studies.

Department of Physical Education

The department of Physical Education is progressive in the path of providing holistic educational environment in the institution. With infrastructure facility that includes outdoor, indoor sports halls, yoga hall and gymnasium, the department provides a platform for the student to improve their health and physical fitness. The department conducts several training programs in various sports and games for the students as well as teachers. The department of Physical Education has been instrumental in conducting several outreach and national integrity programs.

About the Event

The National Education Policy (NEP) - 2020, introduced the physical education and sports as an integral part of the education by making it a compulsory unit of curriculum. With an intention to develop life skills such as collaboration, self-initiative, self-direction, self-discipline, teamwork, responsibility, citizenship, etc among the students and to help them adopt fitness, promote physical and psychological well-being while also enhancing cognitive abilities.

The conference intends to provide a platform for exchange of knowledge and experience on the following themes
